Western Roads Upgrade Update

Road Closures & Works

Wyndham City Council is responsible for the maintenance of all local roads, whilst Major Road Projects Victoria (MRPV) is responsible for the maintenance of all major roads and highways.

MRPV are making it easier for you to get to Tarneit train station and shops from Marigold by improving Derrimut Road. When works are being carried out, sometimes Council has to close a road for the safety of both the public and our workers. Also, roads are sometimes closed for special events, or in emergency situations, such as road accidents or flood.

Key Points - Road Closure:

- Derrimut Rd and Doherty’s Rd intersection will be closed for East-West traffic between 20/03/20 to 19/04/20 (inclusive);
- Access to the Marigold Land Sales Office will not be possible from Derrimut Rd;
- Access will only be possible through Dohertys Rd west from Tarneit Rd;
- East-west traffic will have to detour via Boundary Rd and Leakes Rd; and,
- Dohertys Rd west will be closed to through-traffic east of Sapling Blvd, but Traffic Management will allow access to the Land Sales Office access.

If you would like to know more please visit the Major Road Projects Victoria website:

Kind Regards,
The Marigold Team
